Maintaining High Quality Standards

Bulldog® Gaskets & Engine Parts LLC is an ISO 9001:2015 Certified company. It is our Quality Policy that the seals, seal kits, gaskets, gasket kits, engine parts, engine part kits, and all other products supplied to worldwide customers are of the highest quality, continually meet all applicable requirements and meet or exceed the needs and expectations of our customers through our commitment to a continually improving quality management system.

Bulldog® Quality in Action

- **FAI (First Article Inspection)** is a Quality inspection process followed by Bulldog to maintain and exceed the customer expectations.
- **FAI process** is implemented when a new/existing part has been received from a new supplier after the PPFAI approval (Pre-production First Article Inspection).
- **QC (Quality Check)** is implemented by Bulldog at the receiving station to check whether the parts received are up to the quality standards for long service life and reliability of the parts on field.
- **Bulldog has a wide variety of OEM Sample Availability** for comparison of quality with incoming parts.
